MASONIC NOTICE

A called meeting tonight at gree Order W. M. J. E. PECK, Sec'y

Whenever I induce a friend to buy a few thousand shares Fish Lake Merger I consider I have done him a big favor.'

This is the way one good Tonopah Booster expressed bunself the other day and he meant every word of it. He tens right about it, too.

You cannot do a good friend a greater favor than this. IF you have a friend living in California or some other state write him about the Merger and he'll thank you a theusand times when we bring in the oil. Call his attention that five of the best geologists in the United States have passed favunably on the Fish Lake Field, that oil seepage has already been encountered there at shallow depth, that we are going after the oil with a big standard drill and if we don't strike it at less than 1500 feet, as we expect to do, we can go as deep as may be necessary. Tell your friend there is a bunch of live wires back of this proposition and he'll get an honest win to this money in any event,

Put your friends "next" to this opportunity to get in on what promises to be the biggest thing ever pulled off in Nevada, and if you haven't already got in yourself, better do so Today while the stock is selling at five cents a share. It ought to be selling for two-bits right now and will be soon.
